

You start as a butterfly egg on a leaf.

Crouch down and count to 10.

Then HATCH out!

Egg Station

Stretch into your best caterpillar pose. You're so hungry!

"Caterpillar crawl" to the leaves and get one at a time.

Once you've brought 3 leaves here "crawl" to your chrysalis!

**Caterpillar
Station**

Chrysalis Station

Climb inside the “chrysalis”
and count to 10.

Then wiggle out and put on
your adult butterfly wings!

Flap your wings 3 times to make sure you're ready to fly!

Fly to the flowers for food; pick up one at a time.

When you have 3 flowers, you've had enough food to lay an egg.

Pick up a chip and take it back to where you started!

Adult Station
